Dear Customer,

we are proud to introduce our new price list to you.

In order to create a price list, which is making the process of searching the right grip even more comfortable, this version is build in the way that the weapon is the main criteria for your search. You will only need a moment to find all grips for your gun presented in the price list, as the manufacturers are listed in their alphabetic order.

All grips have a short description and an overview about important features, like for which hand (H) they are build, which size (S) the grips have, of which material (M) they are or which surface (S) they have. You will although find a link to a page number which will show you an example picture in our catalogue.

Even if we have 44 pages in our main catalogue, it is very difficult to picture each of our more than 1000 items in it. At this time we would like to draw your attention to our homepage. Here you have the chance to see more grip pictures than in our catalogue. Just visit: [www.nill-grips.com](http://www.nill-grips.com) and follow: "Product Search & Shop" followed by "to the shop". After that you will only need to choose your country and click the "product search" button:

Fill in your weapon type, manufacturer and model. Within a few moments you have the whole grip collection for your gun together on your screen.

Equal which grip you prefer the most, you can trust in more than 50 years of knowledge and craftsmanship and a very good customer service.

Kind regards from Germany

Your Nill-Team

## 1911 Auto

With the publication of this Price List, all previous Price Lists become invalid. All products that leave our premises have been carefully inspected and packaged. We do not accept liability for damage in transit or through the use of our products, other than when this is caused purposely or through gross negligence on our part.

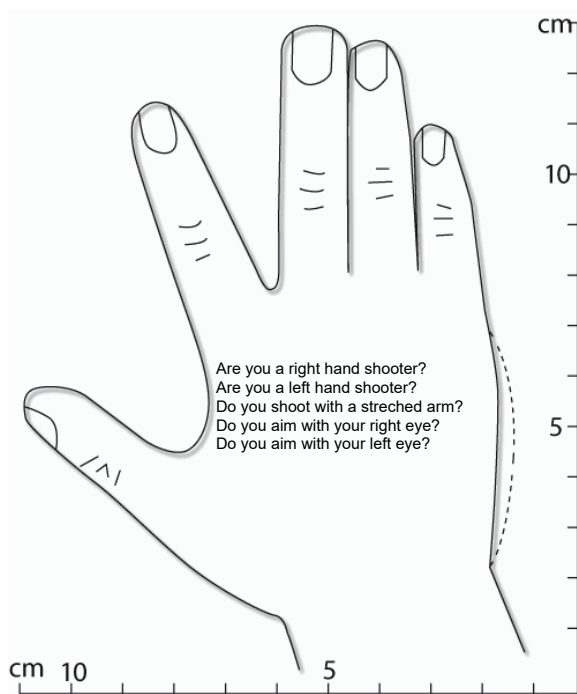

Our products are designed to comply with most Shooting Sports Regulations. However this is not possible in all cases and it is the customers responsibility as competitor, to ensure that his or her grips comply with Shooting Match Regulations.

**Please Note:**

If you are unsure about the standard grip size that fits your Hand, please make an outline sketch of your shooting hand as follows, and send it to us by Post, Fax or as File.

Place your forearm and hand, without pressure, on an A4 sheet of paper, as shown. Holding a thin ball-pen refill vertically to the paper and draw the contour as a dotted line on the sheet.

If you send us an outline sketch by Fax or as File please be sure to draw a scaled right angle on the same page to ensure that any dimensional disorientations resulting from transmission can be measured.
